

PETITION
STOP THE ASHBY HIGH RISE
AND OTHER HIGH DENSITY PROJECTS ON UNDERSIZED STREETS

I, the undersigned, request that the City of Houston place a hold on all high rise, high density projects on residential and collector streets in the Boulevard Oaks and Southampton area, and develop protections for neighborhoods to prevent this incongruous development. Such projects should be located on major thoroughfares that have adequate capacity to handle additional traffic generated by these projects. I am especially opposed to the Ashby High Rise project being developed by Matthew Morgan and Kevin Kirton.
